Dear Master Niikura,

Allow me to thank you for your inspiring presentation in the GA-37 Clubroom last Friday. The attendance was one of our largest and many people found the presentation excellent. Your KI DAY was an inspiring one, truly a "light" day for the United Nations and for this area.

On behalf of the officers and members of the SEAT Executive Committee and its members, thank you so much for coordinating so well with Tsu-Wei Chang, a member of our SEAT Executive Committee, for your HEALING WITH KI ENERGY!

Again, thank you for helping so many people all over the world!

Sincerely yours,

Lina JACINTO-ARELLANO
