LaLa's

She had cancer four years ago. Through suffering, she realized that it is important to be her "real self" as a person and as a performer.

This experience has added depth in her music, and has helped her to create an innovative way of voice training: the Earth Energy Method. With this method, she has developed a unique vocal style. According to her, this method allows her to interact with the energies of nature as she sings. Her repertoire ranges from classical to popular tunes.

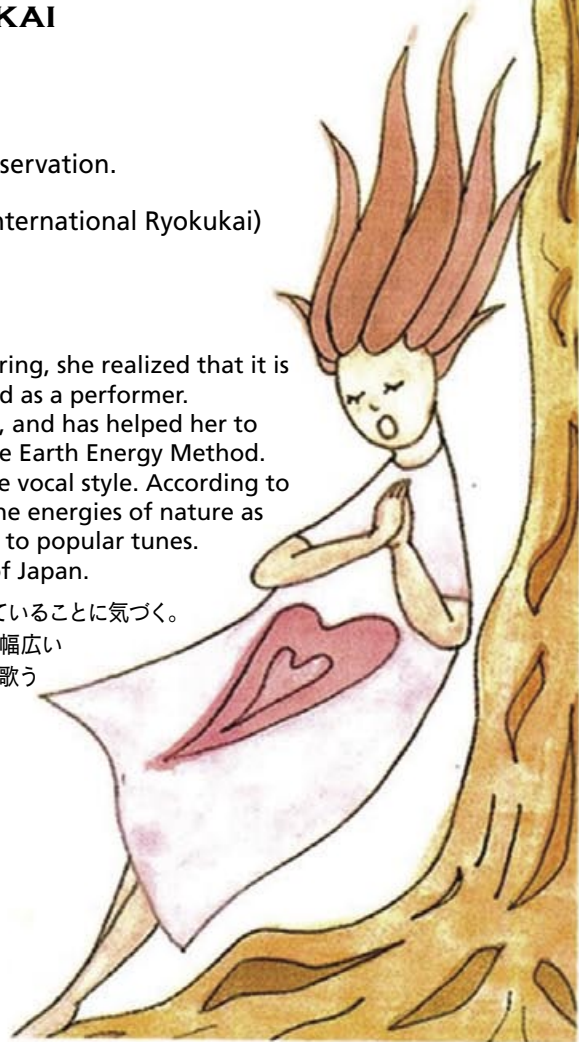

She performs throughout the Kansai region of Japan.

四年前に癌を患う。その闘病生活で、感性を大事に生きることが自分に合っていることに気づく。

幼少の折りより親しみの深い音楽と、独自のアースエナジー発声法によって、幅広いジャンルの音楽を自然の氣と呼応しながらアーティストック・ヒーラーとして歌う

ユニークなシンガー。関西を中心にさまざまな場所(空間)で積極的にライブ活動しており、ファンの層も幅広い。
